In No Kind of Business

Is there need of such care and at tention and economy as in the handling of trusts of different kinds. We can give these qualifications.

SAFE DEPOSITS.

(Northeast corner Monument Pl. and Market st.)

S. A. FLETCHER & CO.'S SAFE DEPOSIT VAULT 36 East Washington Street.

Absolute safety against fire and burglar. Policeman day and night on guard. Designed for safe keeping of Money, Bonds, Wills, Deeds, Abstracts, Silver Plate, Jewels and valuable Trunks, Packages, etc. Contains 2,100 boxes. Rent \$5 to \$45 per year.

JOHN S. TARKINGTON Mannger.

TICKET AGENTS UNHAPPY

NO PROSPECT OF THEIR RECEIVING HIGHER COMMISSIONS.

Presidents Ingalis and Callaway Say There Will Be No Passenger Rate War-General Notes.

Chairman McLeod, of the Western Passenger Association, has sent out the following notice, which will make ticket agents unhappy: "There being many rumors affoat that increased commissions are to be paid on second-class or tourist tickets to California, and realizing the great losses that follow the roads if there is payment of anything other than the normal rate of commission on all business to the West, you are hereby advised that the roads, under no consideration, will increase the commissions, directly or indirectly, and all notices, printed or otherwise, promising or intimating increased commissions or indefinite reward for business in tourist cars, or any other business, are hereby with-This is intended to cancel and withdraw all implied promises to the contrary in a certain red circular issued by the St. Paul Railroad, which has been interpreted as promising something special or extra on tourist-car business, and it also cancels and withdraws promises of increased commission said to have been issued by the Burlington road, and all other printed, written or verbal promises or intimations of every kind and character other than the joint schedule of normal commissions effective July 1, 1899."

A Big Enterprise.

Angus Sinclair, of New York, proprietor of Locomotive Engineering, and for ten years the secretary of the Master Mechanics' Association, who is visiting in Chicago, is authority for the statement that as soon as competent men can be secured to be placed at the head of it a gigantic plant for the building of locomotives and other rolling stock is to be established in Switzerland by a company of American and European capitalists. Mr. Sinclair said: "At the head of the company as president is George Burnham, president of the Baldwin locomotive works, and J. S. Brill, of the Brill Company, of Philadelphia, as vice president. Mr. Barby is the managing director and Mr. Siemens, of the Siemens-Halske Company, of Berlin, is one of those heavily interested. The other directors are French and Swiss capitalists, a French banker being the treasurer. From my general knowledge of the business and recent observations in Europe I take it that the building of this plant simply means that the demand for locomotives and rolling stock in Europe is much greater than the supply, and that the American locomotive builders interested see an opportunity to reap large profits by utilizing American methods and machinery with cheap Swiss labor. All of the methods to be employed are distinctively American."

Personal, Local and General Notes. The Baltimore & Ohio Southwestern will place an order for one thousand box cars in addition to those already contracted for. The Board of Trade report shows that Western lines yesterday delivered for in-spection 132 carloads of grain, 110 carloads being corn.

Two carloads of oats brought to Chicago on Saturday last over the Santa Fe road contained 5,470 bushels, or more than 87,000

The Monon accommodation put on a few months ago between Monon and Indianapolis is paying so well that it will probably be made permanent

It is stated that should the Chicago, Milwaukee & St. Paul withdraw its support om the Western Passenger Association the organization would go to the wall. The official figures show that in August there were handled on the Big Four sys-tem 673,885 passengers, against 613,317 in August, 1898, an increase this year of 60,568. On Monday the Lake Erie & Western will put on its fast through freight trains, in ction with the Cincinnati, Hami Dayton, between Fort Wayne and Cincin-

The Missouri Pacific and the Wabash an-nounce that they will meet the cut rates on provisions to the Southeast recently aninced by the Chicago, Burlington &

The Indianapolis & Vincennes brought into Indianapolis in August the largest number of cars loaded with coal of any August since the road made any pretensions to being a On the Pennsylvania lines traffic is so heavy and the demand for engines and cars

so great that it was considered unwise to suspend locomotive or car repairs for Labor day. J. W. Barnes, for several years agent of the Wabash at Woodburn, was buried on Monday, he dying of typhoid fever. Before

oing to Woodburn he was an operator at Fort Wayne. The Manchester locomotive works have received an order from the Fitchburg road

for six passenger engines capable of making a speed of ninety miles an hour under favorable conditions. On Saturday the Big Four handled on its system 6,201 loaded cars, making it the best day in the road's business. By mistake it was said in the Journal Tuesday that this number was handled in the week ending

It is likely that the Baltimore & Ohio directors will follow the example of the Union Pacific directors in the matter of dividends on the preferred stock, and that they will begin these distributions on a 3

per cent. basis. General Yardmaster James Russell, of the Panhandle, has arranged to take a long vacation trip. His health has not been very good for some time and he proposes to go West and remain away from duty for three

The gross earnings of the Indiana, Deca-tur & Western for August were nearly \$8,000 in excess of those of August, 1898. The Ohio River road, its new acquisition, helped to swell the earnings and the Sunday excursion business paid better than last year.

The Grand Rapids & Indiana gave all its ond a free ride to Rome City on Labor day, where they held a picnic at Island Park. Two hundred section men, with their families, availed themselves of the privi-

There were handled at the baggage rooms of the Union Station in August 70,508 pieces of baggage, against 83,106 in August, 1898, the month the Knights of Pythias encampment was at Indianapolis. In 1897 but 60,101 eces of baggage were nandled at this sta-

There is a rumor which seems to have me foundation to the effect that the same parties who own the Eric Railroad will se-cure control of the Toledo, St. Louis & Kansas City. The Eric could make it a valuable property for that company, as would let the Erie into St. Louis.

The railroads of this State for the state fair this year will make one-fare rate for the round trip from all points in Indiana, tickets to be good Sept. 18-24, inclusive. Special trains will be run on Wednesday and Thursday for the Sousa Band concerts, which will be given on those evenings. M. E. Ingalls, president of the Big Four, ays the rumored consolidation of the Big Four and the Chesapeake & Ohio is as far

rumors, like that of the consolidation of the Big Four and the Monon, are set affoat SOME LIVELY ADVANCES every few months without the least founda

The Southern Railway has just secured two handsome dining cars, finished in mahogany, which will run between Montgomery and Washington on the Limited.
These cars have just been delivered by the
Barney & Smith Company, of Dayton, O.,
and were built expressly for the Southern
Railway's Atlanta and Washington run. It is stated that the freight tonnage of the Cincinnati, Hamilton & Dayton's Indianapolis division for August was the largest of any month in the road's history. More loaded cars have been handled in a month on this division, but this was when the cars were of lighter capacity and the system of loading was not so methodical as at present.

The work of double-tracking the Erie Railway from Kent to Akron, which it was announced some time ago would be done, was commenced on Saturday morning at Kent. The line between Kent and Talmage | and at \$4.83% for sixty days; posted rates, \$4.84 be finished before any work is done on the division between Talmage and Akron. The double track, it is expected, will be laid by the first of the year.

In the month of August the Panhandle took out of Indianapolis 79 carloads of horses, 121 carloads of cattle, 288 double-deck carloads of hogs, 23 double-deck car-loads of sheep, a total of 510 cars for Eastern markets. The Bee-line division of the Big Four in August took out of Indianapolis and from its western division, the St Louis line, 833 carloads of live stock.

S. E. Kirk has been appointed general agent of the Wheeling & Lake Erie freight department, with headquarters at Detroit. He succeeds Mr. Coolidge, who becomes assistant general freight agent, with head-quarters at Toledo. Mr. Kirk resigns his position as commercial agent with the Cincinnati Northern, H. C. Warren has been appointed chief dispatcher of the Wheeling. President Callaway, of the New York Central, is said to be opposed to a passenger rate war between the standard and differential lines, and says the talk of a prearranged attack on the weak lines is nonsensical. President Ingalls, of the Big Four and the Chesapeake & Ohio, says all reports of a | to be sought to enforce asserted rights to divipassenger rate war are preposterous. The Grand Army rates may cause some irregularities, but will not precipitate a warfare. The mountains of western North Carolina are a refuge for summer tourists. From State south of Maryland and east of Ohio the tourists have poured in by thousands and the countles west of the Blue Ridge, in North Carolina, are thronged with visitors. What formerly was confined to Asheville has spread until now it covers every one of the twelve counties lying west of the ridge, to say nothing of the half dozen or more on the eastern side of

TENNESSEE COAL AND IRON HAS GONE UP 70 POINTS IN SIX MONTHS.

Buoyancy in a Handful of Stocks Helps the Entire New York Market-Local Trade Quiet.

At New York yesterday money on call 3@5 per cent.; last loan, 3 per cent.

Prime mercantile paper, 4%@5 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.861/4 @4.861/2 for demand and \$4.87%; commercial bills, \$4.83. Silver certificates, 59%@60c; bar silver, 59 7-16c; Mexican dollars, 47%c. At London bar silver

closed quiet at 28%d an ounce. The buoyancy of a handful of individual stocks gave an appearance of considerable strength and activity to the stock market, but outside of these few stocks the market was narrow and apathetic to the last degree. Shortly after the opening Northwestern was marked up sharply and the usual response was made in other numbers of the Vanderbilt group, Union Pacific also following the lead. As was the case last week, the heavy offerings of Union Pacific brought out on the advance checked the enthusiasm of the buying and operations in that particular group were for the most part discontinued. Northwestern's extreme rise was 4%c, the preferred eight points above the previous sale, Omaha two, New York Central and Union Pacific over a point. New York, Chicago & St. Louis stocks advanced from 11/2 to 4 points on a rumor that judicial aid was dends. The coalers were in good demand, Lackawanna leading with a rise of 31/2. Gains in this group were not maintained entirely. Other railroad stocks which rose a point or over were St. Paul preferred, Colorado Midland preferred, Wheeling & Lake Erie second preferred, Hocking Valley and Chicago Great Western preferred, A and B stocks. Transactions elsewhere in the railroad list were quite insignificant. There was a slight response in the early dealings to the depression in the London market. The bulk of the trading was in the more volatile specialties. Tennessee Coal was the most conspicuous figure in the day's market. After dropping a fraction it was aggressively lifted by successive stages nine full points and closed at 108, the top price. Colorado Fuel apparently sympathized with its movement and rose an extreme 5%. There was good demand for Republic Steel at an advance of 21/2 and Federal Steel rose a point. Otherwise the iron and steel stocks showed but a slight response. The New York municipal stocks, including both the gas and traction stocks, were quite buoyant and show gains of from two to five points, the latter in Metropolitan Street-railway. American Tobacco rose an extreme three points and Sugar 1%. Chicago Terminal Transfer preferred gained two. Rates for call loans were firm at 3 per cent. or over, and the first deposits of money at the subtreasury for shipment to the banks" in the statement of New York national banks is cited to explain in part the recent drain on the deposits of New York banks. A coincident increase in the same item of the Philadelphia national banks indicates that outside banks have transferred their deposits on a large scale from New York banks to other cities. The explanation is the rule of New York clearing-house banks lately enforced to charge for collection of checks from outside points. The announcement last week of the withdrawal of a prominent trust company from the clearing-house privileges with its decision to discontinue the practice of charging for the collection of outside checks has brought the subject prominently into notice. One effect evidently will be to shift part of the demand for money to move the crops from New York to other cities which have increased their deposit account by the deposits of Eastern and Southern banks. The bond market was quiet and changes were

LOCAL GRAIN AND PRODUCE.

Trade Rather Quiet, with No Fluctuations in Values to Note.

As might be expected following a holiday and with the thermometer at 90 or more in the shade, trade on the wholesale streets was quiet. Even wholesale grocers, who have had the busiest year in their history, admitted vesterday that business was dull, and there were no changes in prices calling for special mention. Dry goods, drugs, leather, hide and iron and hardware markets are all in strong position, and with cooler weather and more activity in trade it need not be a surprise should there be further advances in all the above-named lines. There is some complaint on Commission row. Receipts of fruits and vegetables are large and so apt are they to decay from hand to mouth, letting each day take care of itself. The poultry and egg market is firm

The local grain market shows a little more activity. Receipts of wheat, corn and oats are not up to expectations nor sufficient to supply the local demand. Track bids yesterday, as reported by the secretary of the Board of Trade. ruled as follows:

Wheat-No. 2 red, 661/2c; No. 8 red, 621/2@651/2c; September, 661/c; wagon wheat, 67c. TWO DAYS' ACCUMULATION RESULT-ED IN FEARS OF A DECLINE.

Corn Was Reported Injured by Hot Winds and Showed Some Improvement-Provisions Firm.

CHICAGO, Sept. 4 .- Weakness in the Northwest and heavy receipts at all points were mainly responsible for declines of 1/6 1/4c in deferred futures in wheat to-day. September was in good demand and closed 1/4c higher. Hot, dry weather caused an advance of 40%c in corn. Oats closed unchanged to %c higher and provisions about 716c higher.

The first impulse of traders in wheat was to buy, slightly higher quotations from Liverpool and other foreign markets overshadowing for the time being the heavy receipts everywhere. The result was an opening advance of about 464c in December and 4c in September, December starting at 71%@71%c and September at 69%c. A short period of realizing followed, during which December declined to 71%c, but the steadiness displayed by corn and some rather bullish reports on the condition of the spring wheat crop sent the price back to the opening figures, where they held for a short time. Everything else in the way of news favored the selling side and before 11 o'clock the market began to weaken and from that time to the close deferred futures exhibited more or less weakness. September, however, was quite steady. The elevator people were buyers of September on account of the small carrying charge and the premium between September and December was reduced to 14c. Marked weakness developed in the Northwest and a good many selling orders came from that section, which influences local trading. Both Duluth and Minneapolis declined faster and further than Chicago and predicted a continuance of heavy receipts. This, with the poor cash demand, had a marked influence on trading in December and May and made those options the object of considerable liquidation and short selling. Speculation at times was nearly at a standstill, which made the cash weakness more apparent. Toward Bacon-Clear sides, 40 to 50 lbs average, 7%c; the close there was a tendency to cover by shorts, who had sold earlier in the day, and this caused erage, 7%c; 14 to 16 lbs average, 8%c. Clear slight rallies. Minneapolis and Duluth receipts backs, 20 to 25 lbs average, 7%c; 12 to 16 lbs average, 200 cars for two days. Chicago receipts were 253 cars. Total primary receipts were Hams-Sugar-cured, 18 to 20 lbs average, 12@ 2,021,000 bushels for two days, against 3,059,000 for the corresponding days a year ago. Atlantic port clearances of wheat and flour amounted to 1,194,000 bushels. The seaboard made no mention of export demand to-day. December declined to 70%c and advanced to 71%c, where it closed. Sep-

> tember closed at 69%c. Corn showed considerable firmness in view of the enormous crop estimates, and after a period of weakness early, ruled higher to the close. The weather in the corn belt was dry and hot and there was apparently some apprehension of damage, complaints of which were numerous. September was especially strong. The cash and export demand was excellent. Receipts were 1,500 bushels for two days. December ranged from 28%c to 29%c and closed %@%c higher at 29@29%c. Oats were steady, but very dull, prices keeping within a narrow range. The market in general followed corn and closed at a slight advance. There was some buying by September shorts. The shipping demand was fair. Receipts were 874 cars. December ranged at 20@204c and closed at 201/c. a shade higher than yesterday. September closed 1/4c higher at 19%c.

> Provisions were steady, notwithstanding lower cables and reports of yellow fever cases at Key West. Selling was light and scattered and the demand fair. The strength of corn helped the market, everything closing firm at advances. At the close October pork was 74c higher at \$8 124, October lard 71/2c higher at \$5.30 and October ribs 714@10c higher at \$5.20@5.221/4.

Estimated receipts for Wednesday-Wheat, 150 cars; corn, 780 cars; oats, 590 cars; hogs, 22,009, leading futures ranged as follows: Highheating. ing. est. Sept.... Dec.... 7016-7016 73% Dec 291/8 291/6 301/6 28% May ... May 21% \$8.121/4 \$8.0714 8.124 9.471/2 9.55 5.271/2 5.25 Jan.... 5.421/4 5.4714 5.471/4 5.121/2 5.221/2 Oct

Wool.

BOSTON, Sept. 5 .- The firm tone in the wool market continues, although a fair amount of business has been done. Sales of territory wool predominate, with 50c as the basis for fine medium and fine. Fleece wools have had a better call this week at \$1@32c for Ohio XX and above. There is not much doing in Australian wools here, as the available supply is very small, particularly in fine wools. Following are the quotations for leading descriptions: Ohlo and and XX and above, 31632c; delaine, 33c; No. 1 combing, 32633c; No. 2 combing, 31632c. Michigan, Wisconsin, etc.—X Michigan, 24625c; No. 1 Michigan, 30631c; No. 2 Michigan, 29630c; delaine, Michigan, 30c; No. 1 Illinois combing, 30631c; No. 2 Illinois combing, 29630c. X New York, New Hampshire and Vermont, 23624c; No. 1 New York, New Hampshire and Vermont, 23624c; No. 1 New York, New Hampshire and Vermont, 29630c. Unwashed medium, etc.—Kentucky and Indiana 4-blood combing, 23626c; Missouri 4-blood combing, 21622c; braid combing, 19620c. Lake and Georgia, 21622c. Territory wools—Montana and Dakota, fine medium and fine, 16618c; scoured, 50652c; staple, 55657c; Utah, Wyoming, etc., fine medium and fine, 16618c; scoured, 50c; staple, 55657c; Idaho fine medium and fine, 16617c; scoured, and XX and above, 31@32c; delaine, 33c; No. 1 55c; Idaho fine medium and fine, 16@17c; scoured, 50@52c; medium, 17@18c; scoured, 45@46c. Australian (scoured basis)—Combing, superfine, 80@ 82c; good, 78@80c; average, 75@77c.

ST. LOUIS, Sept. 5.—Wool quiet and steady; medium grades, 14@19%c; fight fine, 13@16%c; heavy fine, 10@15c; tub-washed, 19@25%c.

OIL CITY, Sept. 5.—Credit balances, \$1.60; cer-tificates opened at \$1.38; highest, \$1.43; closed at \$1.42 bid for cash; sales, 1,000 bris cash at \$1.43; 15,000 bris cash at \$1.42; 5,000 bris cash at \$1.42%; total, 21,000 bris; shipments, four days, 285,168 bris; average, 72,277 bris; runs, four days, 273,483 bris; average, 67,762 bris.

NEW YORK, Sept. 5.—Petroleum stronger; re-fined, New York, 8.46c; Philadelphia and Balti-more, 8.35c; Philadelphia and Baltimore in bulk, 8.40c. Rosin quiet; strained, common to good, \$1.27%@1.30. Spirits of turpentine dull at 47647%c. WILMINGTON, Sept. 5.—Spirits of turpentine, nothing doing. Rosin firm at 90@95c. Crude turpentine steady at \$2.60. Tar firm at \$1.30. SAVANNAH, Sept. 5.—Spirits of turpentine firm at 44%c. Rosin firm and unchanged. TOLEDO, Sept. 5 .- North Lima oil, \$1.01; South

Lima and Indiana, 96c.

Metals. NEW YORK, Sept. 5.-Increased activity and firmness were apparent in spot tin, spelter and pig iron, with final bid prices in some instances materially higher as a result of the larger demand. The improvement was also due in part to good news from the English market and brilliant market reports from Western metal centers. At the close the Metal Exchange called pig iron war-rants firm at \$16.50. Lake copper unchanged at 18.50c. Tin firm for spot and easy for futures at 31.85c bid and 32.25c asked. Lead unchanged at 4.60c bid and 4.6214c asked. Spelter firmer at 5.50c bid and 5.70c asked. The brokers' price for lead is 4.35c and for copper 18.50c.

ST. LOUIS, Sept. 5 .- Lead dull at 4.50c. Spelter,

Dry Goods. NEW YORK, Sept. 5 .- Spot trade generally quiet. Business otherwise up to the average. No change in quotations to-day, but brown, bleached

and coarse colored cottons close strong. Fancy prints quiet. Staple lines in good demand and firm. Ginghams firm. Print cloths quiet for both regulars and odds, but firm. Cotton yarns in good demand and prices advancing. Hides. CHICAGO, Sept. 5.—The Shoe and Leather Re-view says: Almost every selection of hide in quoted 4c higher than the rates charged at the last sale, while in several instances packers have

12%@12%c.
